

A word-search puzzle from the Bible Pages.

Theme: Acts 27–28, the apostle Paul’s journey to Rome.

All of the four puzzles in this document contain the same 71-word maze, rotated and mirrored in different ways. The words are printed across, or up or down, or diagonally, backwards or forwards, but always in a straight line, with no letters skipped. Each letter may form a part of more than one word. All letters do not belong to words, and there is no “hidden message”. The actual word-mazes are found on pages 2 to 5, with extra word lists on page 6.
